Personal presentation

Hi, my name is Klára Lachmanová, and I'm from the Czech Republic. I live in a small town called Dobříš, which is located near Prague. I attend 6th year of our grammar school, and I am sixteen years old.

I live in a terraced house with my family, which counts me, my mum and dad and two younger sisters of mine. We don't own any pets, cause my sister is allergic to them.

In my free time I like going out with my friends, watching some series (most of the time, it's a Game of Thrones, I love it) and listening to music which I'm obsessed with. Among my favourites are Imagine Dragons, Coldplay, OneRepublic etc.…

I like to do some sports as well. My favourite is probably mountaineering. During the school year I climb on a climbing wall in Prague, but in summer I like to go on mountains for some real climbing ☺
I'm also a member of the Krav Maga association (that's a kind of self-defence, which came from Israel) and I enjoy cycling. I play the piano and I love travelling. That's probably my favourite hobby at all ☺ I think that I am more kind of an extrovert person, and I like meeting new people.
