Ondřej Kureš

Hello my new future friend (maybe friends),
my name is Ondřej Kureš and I am 16 years old. I was born in Czech Republic and I live in small village Chotilsko with my family. I am student on Grammar School of Karel Čapek.

I have dad, mum, brother and sister. My brother and sister are students on same school as me. Our house looks like, it isn't in good condition. It is just his appearance. We have also two cats. First is annoying and second is very shy and quiet.

I have brown hair and eyes have mixture of green and orange. I am about 1,8 m long and medium body size. In normal I am very spontaneous, talkative and indecisive person. If I don't know someone or get to the uncomfortable situation, I will be shy. Sometimes I can work hard and be creative.

My hobbies are playing PC games, reading books, making amateur art of every kind (and trying to get a girlfriend). I like food, music, my friends and my family, rain and talking. I don't like heights and very hot sunny days. I hate arrogant people.

My friends say I am good and intelligent student, so be it. I am good at Math and I love it. I like Chemistry, English and Informatics. I can get to be bored easily in school and this continue to the moment, when I lose my attention.

If you get to like me, you can contact me.
