

Filip Stasiak - FACE IT impressions

EN

I have a chance to be in a European project "FACE IT". It was great! I have met many fantastic people from Spain, Greece and Germany. We were walking around Kluczbork on the second day of their visit and we were speaking only in English. It was a very nice and useful lesson for me. I think I can speak in English with anybody.

At the beginning, we had an opening ceremony. There were presentations about Kluczbork and our school. We were speaking with our friend from other countries about their flight to Poland, about snow etc. I think it was very nice!

Then we went to our classes. On breaks between lessons we again talked in English. I didn't have any person in my house over. I know my friends were on trips in Wrocław, Auschwitz etc.

I was talking with the guests about their country. I know people from Spain are from the city near Cordoba and they flew from Malaga to Wrocław. The students from Greece were from a town near Patras and Athens and they travelled from Athens to Warsaw. The people from Germany were from a town next to Nurnberg and they were on board Lufthansa's aircraft on a flight from Munich to Wrocław.

They told me that snow in Poland was the first snow in their life. Mates from Spain told me it was very cold in Poland.

I still have an online contact with the people from FACE IT on Facebook, Instagram and Snapchat. I speak with them sometimes.

It was a great time for me in FACE IT. I want to repeat it next year.
