Hello, we would like you to answer the ten questions in your mother tongue and in English.

SOCIAL NETWORKING SITES

Welcome to today's radio program where we are discussing about **social networking sites**.

Well, how do people use social media?

Social networking is a global revolution. You can stay in touch with your friends, share photographs, experiences, etc. But some people spend too much time on social networking sites, and it can be a serious problem. On average, each user spends over six hours a month on Facebook.

Can you tell us a bit about your experiences? We would like to know how many social networking sites you can name, what you use them for etc.

1. How often do you visit social networking sites?
2. How long do you usually stay on them?
3. Are you addicted to social networking sites?
4. Do you think teenagers spend too much time on social networking sites? Give reasons.
5. How often do you go on Facebook?
6. What activities do you do on Facebook?
7. In your opinion, what are the advantages of Facebook?
8. How many social networking sites can you name?
9. How often do you update your profile?
10. The online world is the 'real world'. What's your opinion?

Thank you for your answers.
