The Italian football championship is a great sport event in our country. Last year, the title was won by Juventus, a famous team from Turin. Did you know? The “scudetto” (little shield) refers to the Serie A title and the season winning team will bear a small coat of arms with the Italian tricolor on their strip on the following season.

For the first time our school has welcomed a Comenius Assistant in both primary and secondary school. Her name is Yvonne Evangelou and she comes from Greece. She is going to stay with us until the end of March. Her presence in our school provided the pupils with a new and motivating experience. Yvonne introduced the students to Greek culture, traditions and mythology and they are enjoying the lessons a lot!
