

LA SÉNIA HIGH SCHOOL

(Tarragona-Spain)

LET'S STUDY ENGLISH!

DESCRIPTION:

The Project was aimed at Special Needs Students whose problems difficult them a correct acquisition of their mother tongue and for this reason, have a greater difficulty to access to a foreign language, needing alternative resources to approach it.

[eTwinning project](#)

OBJECTIVES:

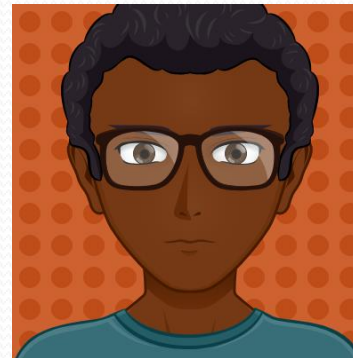

- To include Special Needs Students in the English class.
- To develop social competence and initiative sense and entrepreneur spirit.
- To increase the number of personal opportunities that this students could have.
- To develop strategies which help them to understand some words, expressions and sentences that they read.
- To learn to use with progressive autonomy all the media they have at hand, including new technologies, to obtain information and to communicate in this foreign language.
- To assess the foreign Language, and the languages in general as a way of communication and understanding between people of different origins, cultures and as a tool for learning different things.
- To manifest a receptive attitude and trust in their own learning capacity and the use of the foreign Language.
- To develop cooperative abilities.
