I went to my mom's village and I saw my grandparents. I also saw some of my friends from other countries (Germany, Italy, Turkey) and had the time of our lives. Together we went to the beach, play water polo and did stupid things.

My Summer Vacation

All Posts Wall Posts

Last summer I went to Italy with a school project. We stayed in Bologna for 4 days and we had a great time. I had been impressed by people's habits there. But I had most wonderful time in my small village with my friend and my family. All day long we were playing games and laughing.

Looking Forward to This Year

This year I am looking forward to going to Paris. I think it is a great opportunity for us students to go in such a wonderful town. I believe that it will be very interesting meeting new people and understand the culture of the citizens. Moreover, we can learn about the history of Paris, we can taste their traditional cuisine and personally I can have fun and learn several things about Paris and habits.

Favorite Memory from Last Year

My favourite memory from last year was when I went for summer vacation in Chalcidiki. Of course I did not want alone but, with my best friends and my family. We were playing games in the sea, we were dancing in the beach and we were, all together, like a big happy family.

Favorite Memory from Last Year

My favorite memory from last year was when I went for summer vacation in Limnos. I went with my family. In Limnos there are many beautiful beaches with wonderful waters. I had a great time. I had never been to Limnos again and I had been impressed by people's habits there.
