Europe 2020: offering new perspectives and incentives for young people

2014 - 2017

What are the project's aims and objectives?

1. Along the same lines as Europe 2020 targets, this project is designed to pay attention to young people's necessities in the field of getting to know the needs of the EU and international labour market (Obj1),
2. Promoting an increase of professional opportunities (Obj 2),
3. Improving their foreign language competence (Obj3)
4. Improving their digital competence (Obj 4).
5. Developing intercultural competence (Obj 5), that is helping young people to be able to communicate effectively and appropriately with people of other cultures
6. Finally, fostering Autonomous Learning and Entrepreneurship (Obj 6) will be another of the guiding threads of all the project activities.
