# Our school

Our school is quite old. It is fifty years old. The school building has got three floors excluding coatroom. It is located on the basement floor. There is club-room, lunchroom, library and headmaster office on the ground floor. There are classrooms and teachers room on the first floor. There are also classrooms on the second floor but they are used by elder classes. There is biology classroom, nurse room and psychologist office on this floor, too.

# Our class

Our class is not big. This is class 4D. There are nineteen children in our class, eleven girls and eight boys.
