

Learning Outdoors - Vivid Exploration LO-VE

FINAL REVIEW THE CZECH REPUBLIC

Erasmus+
Enriching lives, opening minds.

It All Started With ... A WISH

A wish to make learning more interesting

A wish to practise and improve our skills in English

A wish to get children outdoor more frequently

A wish to admire our environment and cultural heritage

A wish to travel abroad, to experience and explore foreign countries

A wish to meet new people and learn about their culture

A wish to please our taste buds and taste some local delicacies

A BIG THANK YOU goes to Lenka Šamanová and María Aragón
who gave us this unforgettable and enriching opportunity
to be a part of this amazing project

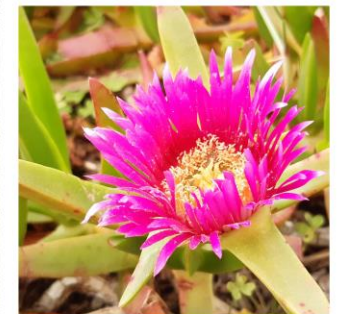

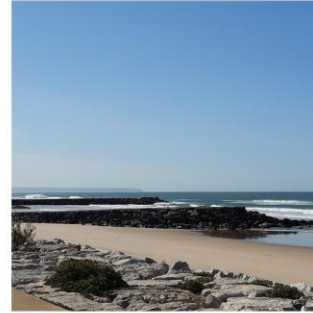

A BIG THANK YOU goes to all the friendly, enthusiastic and hard working teachers
who participated in this project as well

Implementation Of Croatians' Worksheets

What We Have **LEARNT**

- Improving knowledge of English
- Exploring partners' culture and way of living -> supporting tolerance of differences
- Building friendships not only among pupils but also among teachers
- Developing IT skills
- Cooperating on worksheets
- Implementing of partners' worksheets -> learning various methods of teaching
- Cultivating of pupils' independency
- Taking advantage of opportunity to travel
- Promoting learning outdoors as much as possible
- Raising awareness of the need to protect our environment
