Erasmus+ project Learning Outside- Vivid Exploration

Mobility to Czech Republic 25th to 29th April 2022

Erasmus+ team

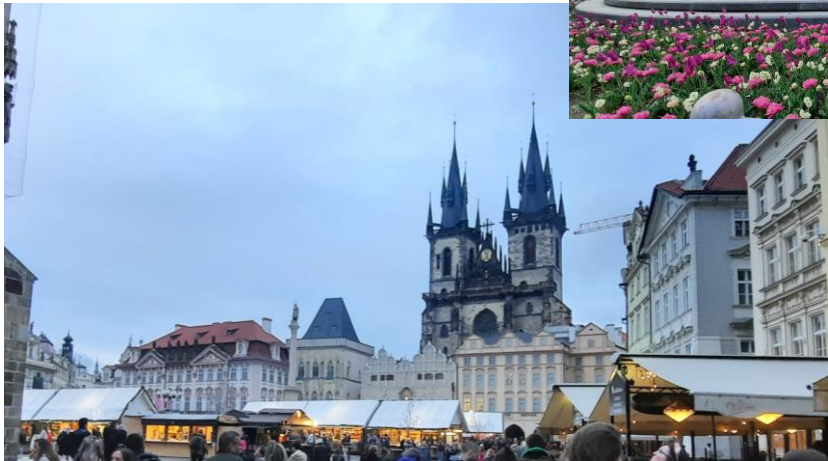

Zlatar Bistrica Primary School

Prague

Prague is a very big city.

We liked the Astronomical Clock and the river Vltava the most.

Safari and ZOO in Dvur Kralove

We saw African animals there:
lions, giraffes, elephants, hippos...
It was very exotic.

Adršpach Nature Park

We walked among the rocks, sailed on a lake, sang the song „*Lepe ti je Zagorje zelene*” and we learnt about the legend of Krakonoš.

Bartošovice Rescue Station

It was interesting to hear how the groomers saved the animals: an otter, crows, a golden eagle, fawns and storks.

Marlenka Cake Factory

In this factory they produce cakes and sweets of honey and nuts.

We tried some and they were delicious!

Zakladna i materinska škola Pisek

We visited the school host-
Zakladnu i materinsku školu
Pisek.

We went on a tour of the
school, met students and
teachers.

Their school is really nice.

Zakladna i materinska škola Pisek

We participated in eTwinning workshop and played a Kahoot quiz where Mia and Gabrijela won a prize.

Teachers had a project meetings.

We played outdoor games at a nearby educational trail with pupils from Czech Republic, Portugal, Spain and Slovakia.

Greeting from Erasmus+ team

Zlatar Bistrica Primary School

In the Czech Republic we had a nice, fun and unforgettable time!
