

## The Portuguese students ask the Estonian partners personal questions:

Hi! My name is Hanna Marta. I am 13 years old. I am studying in 7th grade. There are five members in my family: mother, father, older brother, little sister and me. My brother is 16 years old, my sister is 2 years old and my parents are in their forties. My mother works as a primary school teacher. Dad has his own company where he works. I also have a dog named Milo, he's Jack russell. He is 3 years old and he really likes to play and run. He is also very active.

I like school, but in the meantime there are times when I don't want to think about school either. It's nice at school because you can have fun there and you can spend time with friends.

I am a very social person. I communicate with everyone in class. But I still have closer and better friends in the class with who I communicate more with. My favorite lessons are music, history, Estonian / literature and English. I go roller skating. I've been working on this for quite some time. It's reminiscent of figure skating even though they're not exactly the same things. Before that, I was involved in track and field and also dancing. I really enjoy/like singing, listening to music, running, dancing, sleeping, watching movies, traveling and relaxing. I don't like to bake/cook (because I'm bad at it!!), draw/paint and play video games.

Hi, My name is Carmen and I am 13 years old. My family consists of me, my mom, my dad, and two of my older brothers. I also have a cat who is 4 years old.

I really like drawing, talking to friends and discovering new things. I am eager to learn about different cultures because of their history. I at least think that history is interesting.

My hobby is more art based because I like to paint and draw. Most of the time I like to paint sunsets, but I draw more than paint. When I draw, I draw little doodles and sometimes bigger drawings as well. I also go to swimming lessons. Swimming isn't really a big hobby but it's mainly for physical activity.

I am happy and grateful for having everything and everyone I have in my life. I get on well with my family and friends, you could say I sort of get along with my cat except the times she bites me. I never give up until I have totally failed because then I have no motivation whatsoever. I am proud of myself, because I can draw and paint well in my opinion.

Hello, My name is Johan. I am a 13 year old boy who lives in Kalamaja. I moved here when I was 10 years old. Moving here and leaving my old friends behind was hard but now I'm used to it and have made some new friends. My family and I have an active lifestyle and we get along well. I started playing football when I was 6 years old, but last year I stopped playing it because I got bored and wanted to try something new. I also swam for 5 years so I'm a really good swimmer. My dad introduced me to cycling 2 years ago and I've been doing it and loving it ever since. I also like playing the guitar and coding. My dad has played the guitar since the year I was born and I wanted to learn it too so now I have been playing it for 3 years. Software development and creating games have always been an interest for me, so I learned to code 2 years ago. I have already made a couple games myself and experienced software development as well. In my free time I either cook or play video games.

Well, my name is Irma. I have a big brother who is 16 and I have a mother and father. I don't get along with my mother very well, but that's alright. My father is working most of the time and I don't see him all that often because he goes to different countries a lot.

When it comes to school, I guess I could say that I'm a pretty good student. Most of my grades are good though I do have some subjects that I am not too good at. For example, math, it really isn't my strong point. I'd much rather be learning different languages. If you couldn't already tell, I really like language classes. I do good in them and they're the one thing I couldn't fail at. I am very confident in my language learning skills.

I was really nervous when I first entered GAG, but I am now adapting to it. I have made quite a few friends. They're all great. Sometimes their jokes are a bit cruel, but dark humour is something I'm used to. I can definitely say that all of my friends are pretty as well.

Most of the teachers are nice. Some of them can seem a little bit mean or cold, but that's definitely not the case. I would have to say my favourite teacher is the history teacher (Sorry Deniss!).

I have a load of dislikes. In fact I have so many of them that I forget I dislike them. I can't exactly say my likes right on the spot. I'm really bad when it comes to saying something off the top of my head, but I do enjoy swimming and going on runs. I love rainy and foggy weather. I also have a few words that I like a lot, two of them being cupped noodles and gloom. My hobbies include: gaming, painting, drawing, writing, playing the piano and learning languages.
