Slovakia has decided to resign because recent terrorism attacks. We knew about this resigning just 3 days before coordination meeting in Romania, so the steering group (Spain, Finland, Romania and Bulgaria) for unexpected events has analysed the situation:

In the application form, the meeting in Slovakia was planned in March 2016. It's a short time for a school to prepare a meeting. We can understand that it will be very difficult to organize an exchange of pupils in March 2016, for this reason we propose these possible solutions to discuss:

1. Bulgaria will ask their headteacher if they can host children in April 2016. (Advantages- same date and same distance from other countries)
2. Bulgaria can change the date of their training meeting from 2017 to 2016.
  - 2.1 Italy or Spain can organize a meeting – exchange of pupils (a little more expensive). In Feb.2017 . (There will be a new headteacher in Italian school- they have to ask
3. Canceling the meeting. (last resort). We don't recommend to cancel it.

Slovakia was responsible for evaluation with Poland. Now Romania will do it with Poland. Evaluation questionnaires were created by Poland and Slovakia and every school has already taken them. we will have the results.

Slovakia was a partner in some of the steering groups but we don't need to replace Slovakia in the groups that have to control budget, exchanges of pupils or in the headteacher group because every partner has a participant in this groups. Slovakia was also a partner in the steering group for evaluation, in this group Romania will replace it because Romania is now in charge of evaluation with Poland. Finally Turkey will be in the steering group for unexpected events.

### New composition of steering groups:

- 1- Steering group for budget control- Coordinators and responsible in every partner school.
- 2.- Steering group for exchange of pupils- A teacher in every partner school.
- 3.- Steering group for unexpected events- Coordinators of Spain, Finland, Turkey and Bulgaria
