

My name is Matilde Gallella.

I'm 12 years old; I'm in year 2, at FABIO DI BONA secondary school.

My favourite hobby is horseriding.

My favourite subjects are: Italian and art.

In this period the lessons are online and I can't meet my friends.

I live in Cutro KR, it is a country in south Italy, it is on a hill.

In my country there are many churches, and the most important is S.S. Crocifisso, an important character is Giovanni Leonardo di Bona called "puttino".

He won an important game of chess in 1575.

I like my country very much.

I'm very happy to be part of the project.
