

## Presentazione

My name is Eleonora Muto, I am 12 years old and I attend the second grade, I live in Cutro in the province of Crotone, which is located in Calabria in southern Italy. My hobby are many: going out with friends, listening to American music that drives me crazy and being in sympathy with my sister. My favorite subjects are English and sciences. My class is large, we are 22 students, I like it so much, it's my second home. They are fantastic, they make me laugh, they are nice, affectionate, funny, in my opinion indescribable. Now I'm talking about my family. They are fantastic, they make me feel good, it is made up of my mum Giusy, my dad Luigi and my older sister Elisa.
