ACTIVITIES OF THE SHORT-TERM JOINT STAFF TRAINING EVENT

1. Indicate 1-2 things or activities you found positive about this short-term joint staff training event .

During this week, the Italian teacher (Nadia) was one teacher more inside the school staff. She was really kind with all of us and we could do a couple of activities to compare the culture of both countries, Italy and Spain, like the one we did with the 5th year primary students related to idiomatic expressions.

2. Write 1-2 things that could be changed or improved to make next short-term joint staff training event better.

Everything was ok, but time flies and we realized how important would be to have longer experiences.

3. What are the learning outcomes of this experience that you think might be interesting for your own colleagues in order to stimulate in your own school new ideas for planning and teaching? Name 1-3 learning outcomes

Although this experienced have given me so much to learn, I would say that the way Nadia was always open to see different teaching approaches is something we should stimulate among our school teachers. Sometimes we only focus on our tasks and we don't realize how amazed it is the project some colleagues are doing. Also, Nadia was always taking notes of the things she saw; really interesting so she can remember and tell the rest of the teachers when coming home. Another aspect I liked and will try to do in my daily teaching routines.

OTHER COMMENTS

Please write here if there are any additional comments that you would like to add to this questionnaire:

Our school, and specially myself, were more than happy to have Nadia with us. She is a really good teacher and the students had the chance to learn new thing from her. We are looking forward to seeing her again soon.

THANK YOU FOR YOUR TIME
