

Evaluation report of the 2nd Short-term exchanges of groups of pupils MANAGEMENT

ONE: INTRODUCTION

The exchange was held at Colegiul Economic "Ion Ghica" (Calea Domnească – 223, Târgoviște, Romania), from 31st of March – 4th APRIL 2019.

All partners were represented at the meeting.

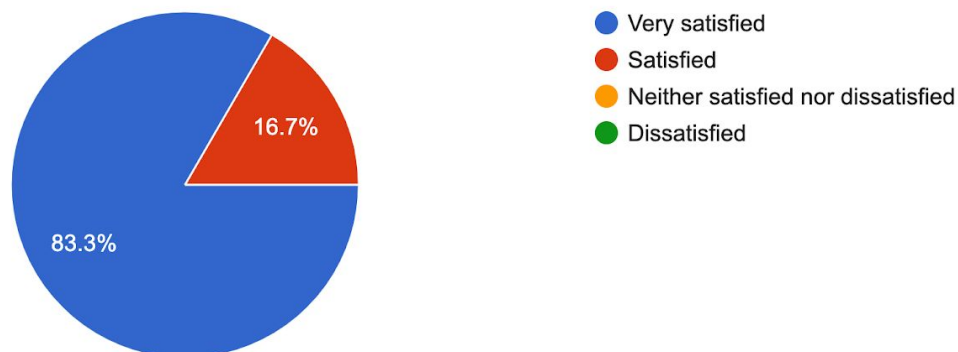

To evaluate the effectiveness of the exchange and collect suggestions for improvements for future meetings, all the coordinators were invited to complete a short survey questionnaire shortly after the event took place. The survey was created on-line and an invitation to complete the survey was sent to the coordinators. The survey questionnaire was completed by **6 respondents**.

This paper summarises the responses to the survey questionnaire. The paper was prepared by Colegiul Economic "Ion Ghica,, partner of the R4E project. Section two provides detailed information about the responses of participants to the survey questionnaire. Section three sets out some conclusions.

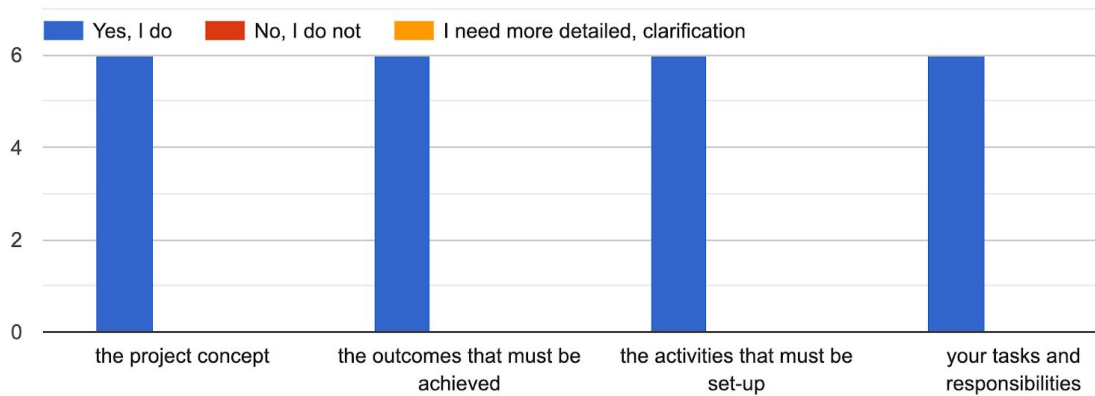

TWO: SURVEY RESPONSES

1. How satisfied were you with the project meeting overall?

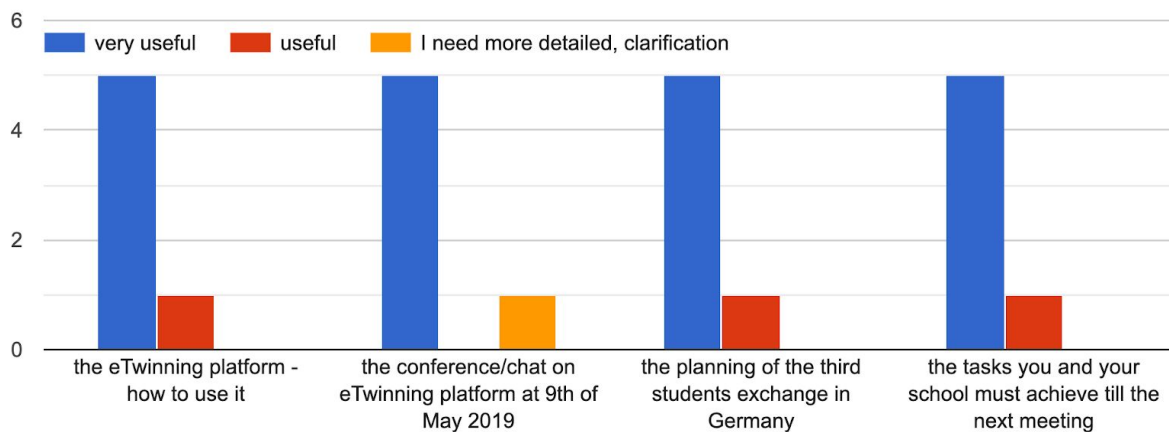

6 responses

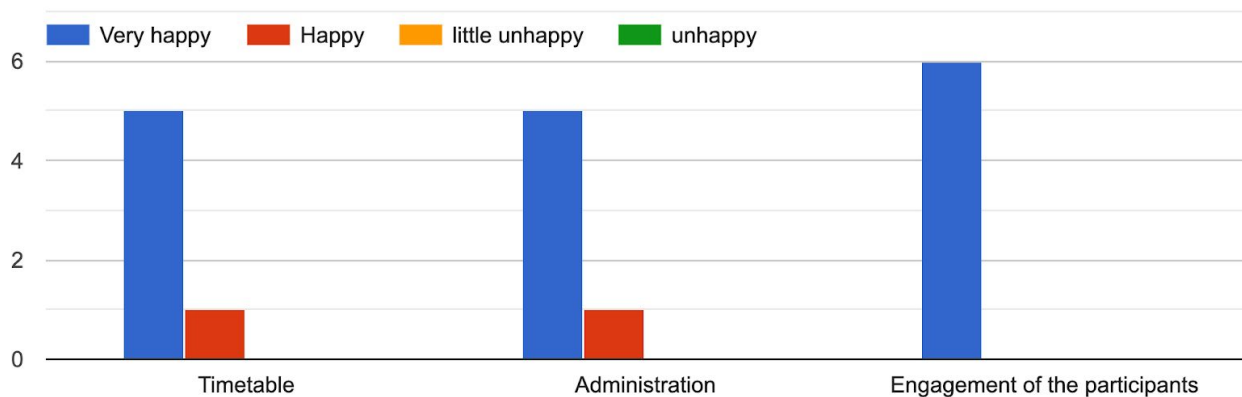

2. After this meeting do you understand better...

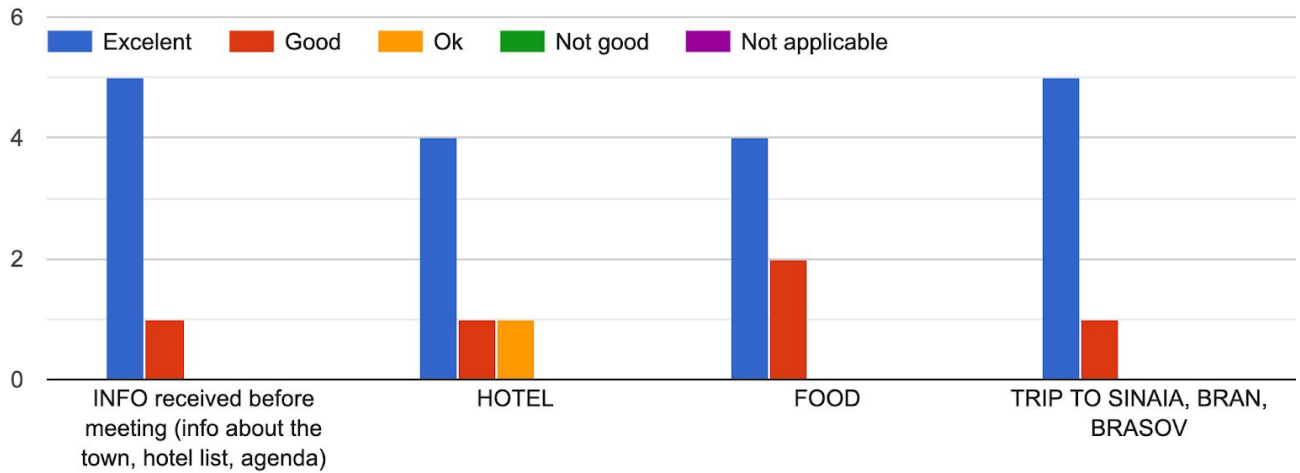

3. How useful were the information you received about...

4. Have you been happy with....

5. How satisfied were you with the arrangements for your visit?

6. Please, offer your opinion about improving communication/ cooperation between partners (6 responses)

I think all the partners should use the eTwinning platform more regularly and ask for help if they have problems, without waiting for the following meeting

I think the group skype chats will be a good way of linking all the countries together

It would be better if the partners live closer to the school.

A skype meeting between coordinators before 9 may.

I think communication is very good but understand that we have to use etwinning more frequently

7. Do you have any suggestions for improvements for future students exchange? (5 responses)

It should be longer because on the third day they start interacting more, and it's a pity that they have to leave. 5 or 6 days would be better

Brief the Students that GO abroad better and set firm rules on how to communicate when problems arise

8. Another comment you want to make... (5 responses)

Thank you about everything, it was really great

Great international team. Love you all.

Very well organised trip in Romania and it was good that we were given a good amount of time for planning the future visits.

It was an amazing and interesting experience and very useful for both students and teachers! Maybe we should have had a special moment where students would present what they have prepared in their own countries. We have asked students to prepare a ppt to present in Romania, but some of them didn't even present, some did, but with noone paying attention - and trainers did not see them present.

THREE: CONCLUSIONS AND RECOMMENDATIONS

The event met most participants' expectations.

Overall, all participants were satisfied or very satisfied with the meeting and its organisation.

The suggestions for improvement are related to:

- *using the eTwinning platform more regularly and ask for help if problems*
- *more time for students to present their work*
- *skype chats will be a good way of linking all the countries together*

**Deputy director,
Carmen Radulescu
(Romanian coordinator)**
