

## **Summary of the reports of the Dutch pupils, some quotes.**

### **Warduhi:**

We arrived very late in the evening, 24.00 o'clock. Normally I am sleeping at that moment, now we had a diner!

Every day we had to get up very early in the morning, at 6 o'clock.

An exciting moment, going to a host family in the middle of the night.

We went to a belt, it smelled terrible.

In school we had a warm lunch every day. Very special, we don't have this in our own school in the Netherlands.

There was enough time for shopping, that's what girls like very much!

### **Gijs:**

On Monday morning we met the children of the other countries.

Going down from the slides and jumping on the trampoline in Magic gardens was great.

We played a lot of games with our host child. Playing football was great too.

The town hall was very boring!

The presentations about healthy food in school were very interesting.

We created a robot using waste, a nice workshop.

Sometimes the lunch in school was not so tasty for me.

### **Ryan:**

I stayed in a host family together with Gijs.

In our host family we played a lot of games.

The trip to Warsaw took three hours but the guided tour in Warsaw was very interesting.

Sports day in school was very nice, I like it!

### **Isa:**

We arrived in the middle of the night and we went to sleep.

I did not sleep very well in the first night, but in the morning the breakfast was very tasty.

In school we could eat a lot of sweet things.

During the lessons in English we were divided in small groups of pupils. This was a bit exciting.

Demi and I created bracelets by using old plastic bottles.

In the Jura Park I bought two gemstones and a keychain.

Coming back on the airport after our trip our parents welcomed us with a great banner.

### **Demi and Fenne:**

The house of our host family was big and spacious.

The fashion show was great, excellent ideas!

All the lessons in school had something to do with the project "Eco-active".

The lunches in school were very tasty!

In our host families we could do a lot of things: games, playing, swimming etc.

### **All together: where we were and what we saw:**

- The school in Pulawy: pupils in school uniform (we don't have this) and warm lunches in school (we bring our own bread from home).

- A great welcome ceremony.
- Magical Gardens.
- Jura Park.
- The town hall of Pulawy.
- A chemical factory: very difficult to understand.
- The nice little village Kazimierz Dolny
- The city of Warsaw: impressive.

***We all liked the visit very much! It was great. Thank you very much school in Pulawy, host families and Dutch teachers. We will never forget. And... for the pictures see the movie on this page.***

***Best regards, Warduhi, Demi, Isa, Fenne, Gijs and Ryan***
