

## Eco- performances Latvia

### I. Ant and bird

An ant and a bird meet

Bird: „Run ant,run you’ll burn!”

Ant: „Calm down, what’s happening?”

Bird: „The bad person threw matches in the dry grass.The grass is on fire.”

Ant: „Don’t worry! We are red ants, we can put out the fire.”

Bird: „What about the ladybugs?”

### II. Field

A partridge and a rabbit are talking

Partridge: „Rabbit, did you see the long stork?”

Rabbit: „Yes, today he was completely different, he was hobbling .”

Partridge: „I saw, that he stepped on a broken glass bottle.”

Rabbit: „Those boys probably did that, they threw those bottles on to this field.”

Partridge: „I know, that glass hurts people and animals, if you throw it into the wild.”

Rabbit: Lets help the stork, lets warn everyone, that there are glass pieces in the field.

Partridge: „We’ll always be carefull and care for the nature around us.”

### III.Hedgehog and bottle

A hedgehog meets a bottle

Hedgehog: „What are you doing in my forest? What’s your name?”

Bottle: „My name is PET, people left me here, I’m lost and I want to get out of here!”

Hedgehog: „Where do you want to go?”

Bottle: „I want to go to the city, I’ve heard, that there are yellow houses for bottles”

Hedgehog: „Correct, you can’t stay in the forest because you will live at least 100 years. Don’t pollute the forest!!!”

### IV.Sea

Two fishes meet

1.Fish: „Hello, a foreign object is following me all the time.”

2.Fish: „What does it look like?”

1.Fish: „It is see through,blue and green, i think it’ s edible, but my sisters died eating it.”

2.Fish: „It is a plastic plankton, plastic bags pollute the sea, plastic doesn’t commpose, if a person eats a fish who ate a plastic bag, he could get sick.”

1.Fish: „Lets ask people to stop polluting the sea.”

## V.Doe and Fawn

Fawn: „Mum, look at the windmill!”

Doe: „No child, that isn't a windmill.”

Fawn: „What is it?”

Doe: „It's a wind turbine.”

Fawn: „Why does wind need a turbine?”

Doe: „It makes electric energy, people use it for their needs.”

Fawn: „Wow, so interesting. tell me something else, mum!”

Doe: „Wind is a renewable resource, that will exist while the sun shines. There is a lot of wind resource. Wind turbines peacefully stand next to nature.”

## VI.Tree conversation in the forest

Birch: „I hear a weird noise.”

Pine tree: „Oh, a chainsaw is coming.”

Asp: „People are coming with machinery what do they need now.”

Birch: „I hope they don't need paper.”

Pine tree: „I hope they don't need to build a house.”

Asp: „I hope they don't need firewood.”

Birch: „Let's ask people to make paper from used paper.”

Pine tree: „Let's ask them to collect wastepaper.”

Asp: „Yes let ask them! to make 1ton of paper you need at least 17 trees.”

Asp, pine tree and birch: „People, collect wastepaper! leave trees alive! trees are the earths lungs.”

## **VII. Bat and owl**

Bat: „Why is it so bright?”

Owl: „People don't turn of the lights. People don't turn of the lights.”

Bat: „When do they sleep?”

Owl: „In the night but people forget that there are animals that cares for their children through the night.”

Bat: „What should we do?”

Owl: „We'll teach people to care for nature.”

Bat: „What do you recommend wise owl?”

Owl: „Let's ask people to turn of electricity for 1 hour on earth day.”

Bat: „Let's do it.”

## **VIII. Fish and Frog**

Frog: „Let's swim to that shore.”

Fish: „I don't want to swim there because the water is dirty.”

Frog: „What happened? It was fun there.”

Fish: „Recently people arrived and washed there car next to the water and they used soap.”

Frog: „But you can use nature friendly products that don't pollute the water.”

Fish: „Okay let's swim there where it's clean. I hope people won't pollute that water.”
