

STOP THE CHANGE

SAVE THE PLANET

We joined the etwinning project
because we think it's high time
to take action!!!

"In a world of more than seven billion people, each of us is a drop in the bucket.

But with enough drops, we can fill any bucket."

David Suzuki

WE BELIEVE EVERY SMALL STEP IS
IMPORTANT, AND EVERYONE CAN HELP !
LET'S LEARN HOW!

Climate change is already affecting wildlife all over the world, but certain species are suffering more than others.

Climate change won't just affect animals, it's already having an impact on people, too.

Small changes in your own home can make a difference, too.

EAT YOUR VEGGIES !

Eating more plants cuts down on the need for so much livestock.

SLAY THE VAMPIRE.!

"Vampire" appliances suck energy even when turned off. Kill these monsters by unplugging phone and laptop chargers when not in use.

USED GOODS ARE GOOD!

Reduce and reuse as much as possible. Factories emit carbon dioxide when making new products. So instead of buying new stuff, fix your appliances and clothes.

WALK IT OUT!

Walk or bike as much as you can

SEASON YOUR FRUIT!

Try to eat mostly inseason and locally grown fruits and vegetables. This cuts down on the energy used to grow and transport food.

SPREAD THE WORD!

Tell your friends what they can do to help
