COLLABORATIVE MASKS

The masks that are posted were made by 3rd graders , section B, Don Minzoni school, following the tutorial with the collaboration of their parents. Engagement, waste card, creativity : a good mix reaching great outcomes!

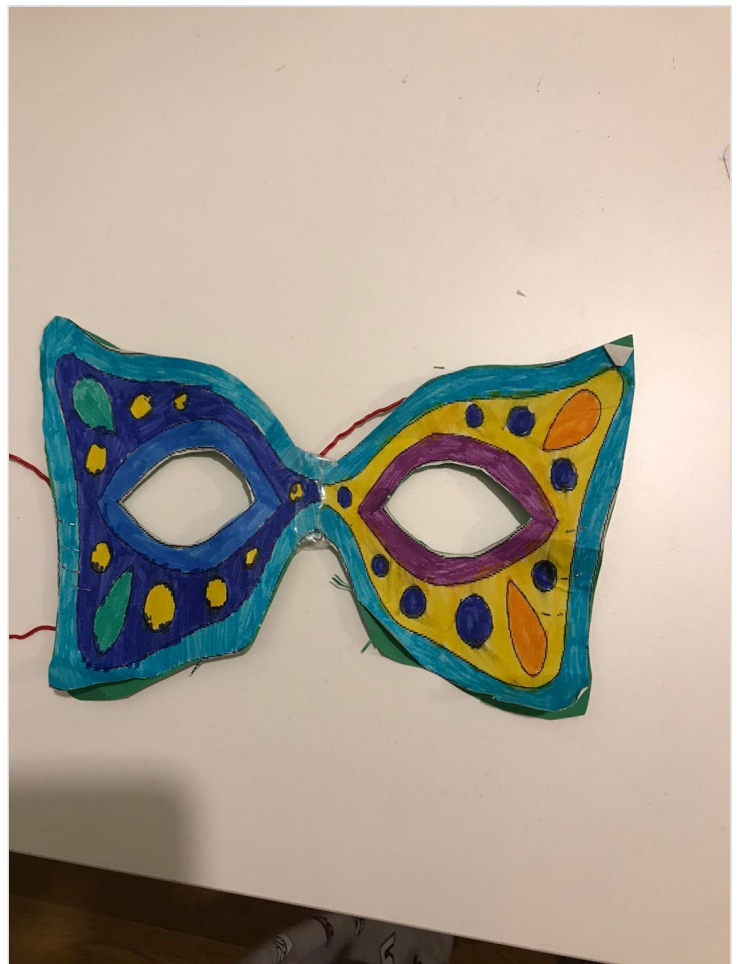

Bravo !!

THE MASKS KEEP ON COMING.....

LEARNING BY DOING:THE COMPUTATIONAL THINKING TO MAKE THE MASKS

The pupils elaborated a flow chart to figure out how to make the masks, next they made the masks following it.

THE LAST ONE?

Emergency and Carnival

Our eTwinning project is in a sort of standby, as schools are closed, but families and pupils are COLLABORATING with teachers and working to create masks (but not only...) RECYCLING cards and spreading their Fantasy. Positive attitudes that develop abilities and make everyone grow, step by step. Thanks a lot dear Families, pupils and teachers.

Together we can. Never give up! 😊
Enjoy our masks dear Catalan friends!! ❤️
