Smart Week 3 - MAKER classroom

CORNER 1

Lego Our Town

Different urban environments to explore, children's minds will be busy too. Each scene is a fun opportunity to create, collaborate and discover what it means to work and play together.

CORNER 4 LEGO CODING EXPRESS

Make your train pause, stop, change direction or sound the horn. Taking the familiarity of a train and combining it with action bricks, learners will learn through play about sequencing, looping, conditional coding, and cause and effect by placing action bricks within the train's track. Each action brick creates a specific action allowing for students to test and redesign ways to problem-solve and work together to get their train to its destination.
