Coding games!

The screenshot shows a web browser window displaying the Code.org 'Beehive' coding game. The browser's address bar shows the URL `studio.code.org/s/course1/stage/7/puzzle/8`. The page title is 'Μάθημα 1: Μέλισσα: Ακολουθία'. The main interface features a 5x5 grid on the left with a bee character and two nectar icons. A speech bubble from the bee says 'Πάρε δύο νέκταρ για να κάνεις δύο μέλια!'. Below the grid is a 'μπλοκ' (block) editor with a 'Χώρος εργασίας: : 9 / 9 μπλοκ' indicator. The block palette on the left includes 'Επαναφορά', 'Βήμα', and 'πάρε' (nectar) blocks. The workspace on the right contains a sequence of blocks: 'πάρε', three 'A' blocks with right arrows, and two 'φτιάξε' (make) blocks with honeycomb icons. At the bottom, there is a cookie consent banner and a Windows taskbar with the system clock showing 3:32 pm on 31/5/2020.
