

BUILDS THE BRIDGES

Erasmus+

GAME RULES

1. To play the game you need a dice, pawns and "colour-circles" (one for each player)
2. Place the game board at the centre of the table so it is within easy reach of all the players.
3. Prepare the question cards divide them into categories, shuffle each category and put them face down on a pile (separate pile for each category).
4. The game starts on the square "START". The first to play is the youngest player. Then the players take turns clockwise.
5. The player throws the dice first and moves the pawn in accordance with the score (number on the dice) to the square corresponding to each category.
6. Then the player picks-up a question card from that category and answers the question.
7. If the answer is correct, the player gets this colour part on his/her circle. If the player has already collected the colour and his/her pawn is in this colour square again, he/she has to wait until the next round.
8. To win the game, the player has to get all the "circle-colours".

ENJOY!

"Colour-circles"
