

YOU CAN DO IT.
you can do it.

THE DAY FROM WHEN
IT ALL STARTED...

February 24, 2022

Other countries.
Other languages.
But the same hearts.
We are with you.

YOU SHOW THAT YOU ARE STRONG.
you show that you are strong.

We're fighting.

I'm sure you can see it on the news.

And I want to tell you one thing:

we will fight as hard as we need to liberate the country.

— Volodymyr Zelensky.

Володимир Зеленський

You have a hard time.
Everyone knows it.
But every minute
you show your strength
and love for the motherland.

Refugees from Ukraine can cross the border even without any identity document. They do not have to register at reception points or worry about formalities. PKP has launched free journeys for them. Ukrainians are released from quarantine, and they can also count on free treatment. Ukrainian citizens who are already staying in Poland do not have to leave the country in the case of expiry of the validity of the residence permit.
