HELLO

*Hello in different languages

Hello...Goodbye...

Hello, my name is...

Hello, how are you?

Yes...No...

Please...Thank you...

*Human knot:

- Ask participants to form a circle, shoulder-to-shoulder. Encouraging/urging participants to all stand closer can be a subtle way of helping to prepare them for what is about to come.
- Ask participants to each place a hand in the middle of the circle and to grasp another hand.
- To emphasize learning of names and get a bit of fun going, ask participants to introduce themselves to the person they are holding hands with.
- Then ask participants to put their other hand in the middle, grasp a different person's hand, and introduce themselves.
- Don't let participants let go of hands - some will be tempted to think the activity might then be over - but it is only just starting.
