GOOD PRACTICES ON ECOLOGY

"NICOLAE BALCESCU" TECHNOLOGICAL HIGHSCHOOL
OLTENITA, ROMANIA

„Cleaning National Day- 15 September“ („Let’s Do It, Romania!“)

OBJECTIVES

- ▶ 1. the participation of students and teachers involved in the activities of the World Cleanup Day project, taking place in a global context, being organized simultaneously in 150 countries;
- ▶ 2. involving young people in volunteering, greening and -responsabilizing the population on landfilling in unauthorized areas;
- ▶ 3. educating young people to reduce pollution through selective waste collecting;
- ▶ 4. raising awareness of human solidarity and achieving a good socialization between the participating students and the teachers involved.

„Be active for a clean Danube!“

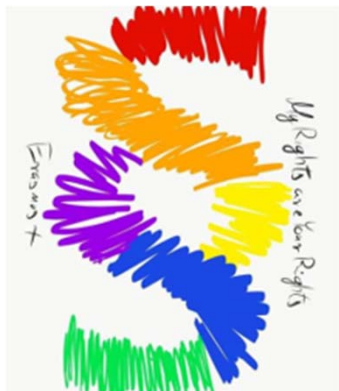

OBJECTIVES

- ▶ 1.recognizing the importance of the Danube River at European level;
- ▶ 2.raising awareness of the challenges of environmental protection and, in particular, of the Danube;
- ▶ 3.responsibility for own actions that could lead to pollution of the Danube;
- ▶ 4.Understanding the impact of pollution on the health of Danube fauna and flora;
- ▶ 5.awareness of the importance of involving everyone in maintaining a cleaner European river;

„Be active for a clean Danube!”

THANK YOU!
