

Romenia

I've always been curious about what would it be like to experience travelling with Erasmus project.

I thought it would be like a one-week holiday but with the advantage of meeting new people of every single culture, a new country and its traditions. Actually, this project has become much more like a life experience. In Romania I faced a completely different reality. I would be lying if I said that it was easy to adapt myself but all of this has made me grow up as a person.

I want to thank all the team for giving me this opportunity, which made me become closer to Mariana, Henrique and Rita, my teachers and meet people that I will certainly never forget.

I can say that this was the most rewarding experience of my life because in only one week I learnt a lot about the world and about myself.

Erasmus project really is a remarkable experience.
