The Details

What is Wideo?

Wideo is an online video creation platform that enables users to create, edit, and share online videos. Wideo's platform allows individuals who do not have previous video making or design experience[1] to create explainer videos, animated presentations, video e-cards and more. [Wideo.co](https://www.wideo.co)

However, we will use it to convert the text (you will write for the fairy tale) to MP3 Audio. Also, you can download it as free ;))... Let's look both storyjumper and wideo examples together!
