HOW TO CREATE A PROJECT'S FINAL DRAMA PLAY DURING CONFINEMENT

COVID-19 WILL NOT STOP US

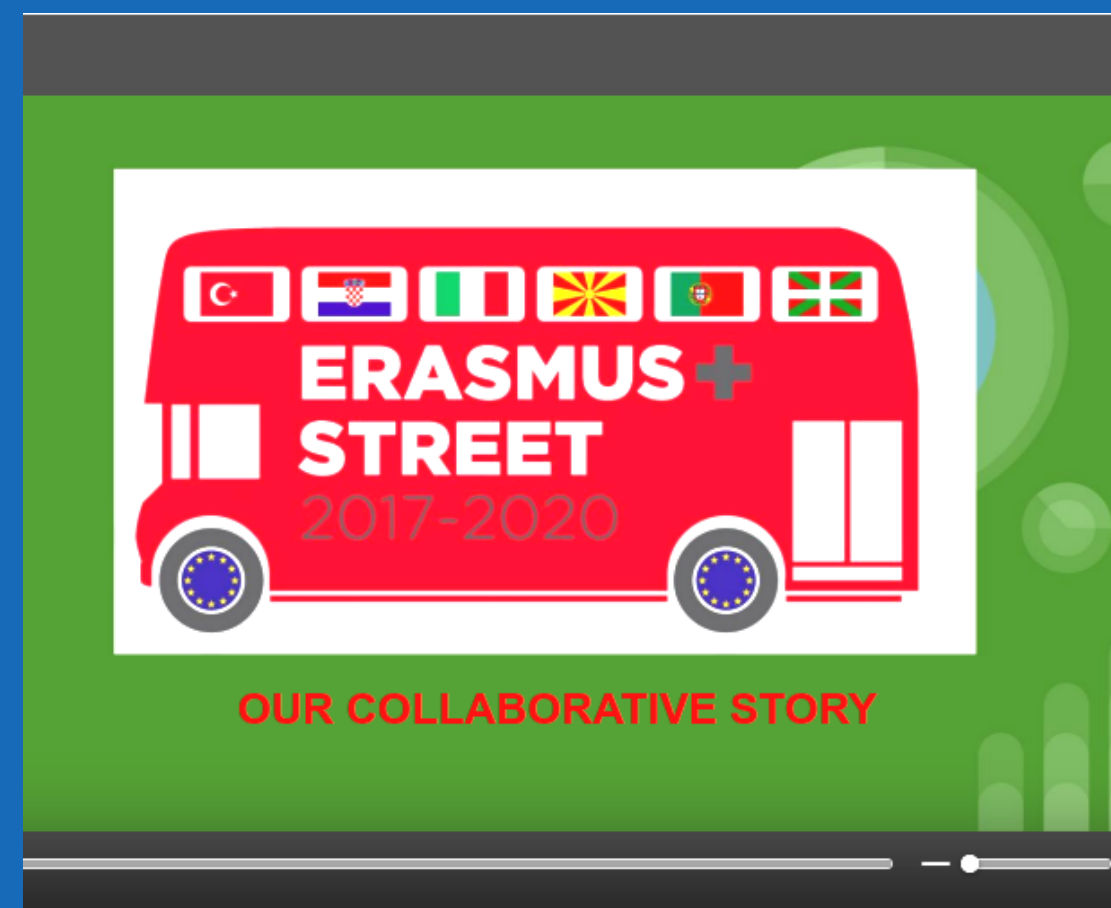

THE ARROW OF CRIME

01

In October 2019, students from 6 countries used Rory's cubes to write a collaborative story that would be performed at the end of the year, using eTwinning to share their work! .

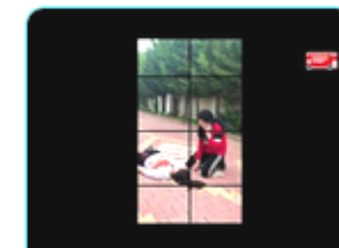

02

And then COVID popped-up. HORROR! PANIC!

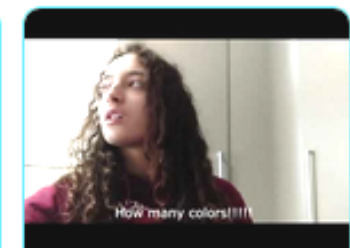

How to do it during confinement? eTwinning is the answer. We swapped Acts and used MeetingWords to write scripts! And each country recorded their Part!.

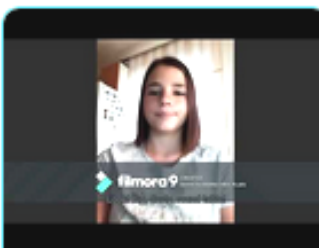

PERFORMANCES

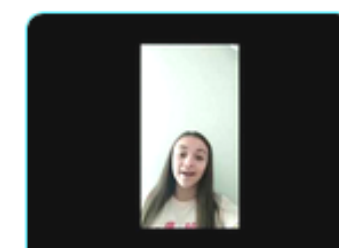

TURKEY
Turkish students performing the part written by Basque students!

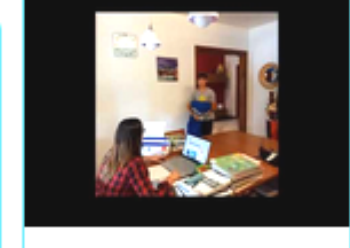

BASQUE COUNTRY
Basque students performing ACT IV written by Macedonia!

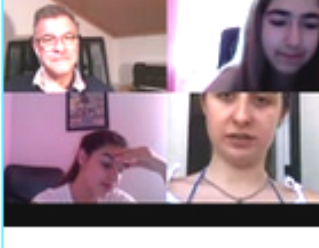

MACEDONIA
Macedonian students performing the part written by Portugal

CROATIA
Croatian students performing the part written by Italy!

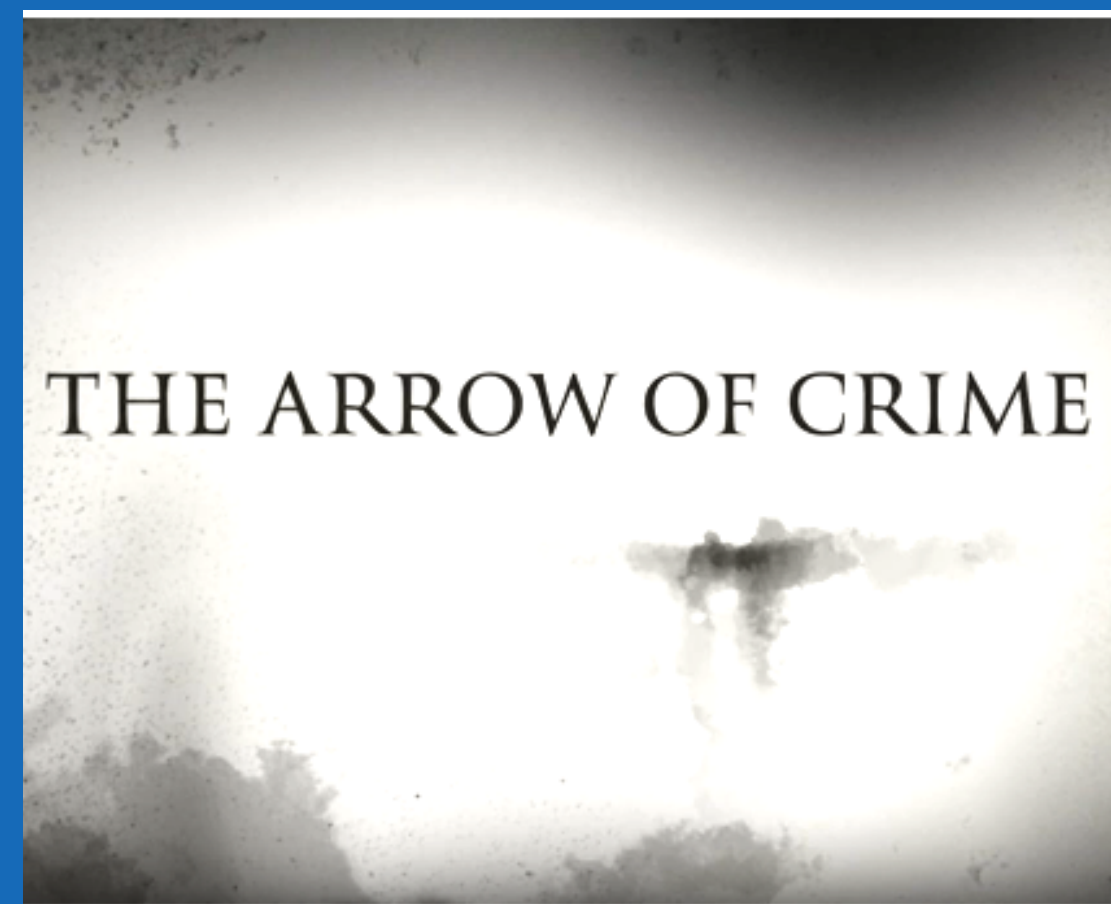

ITALY
Italian students performing the part written by Croatia!

PORTUGAL
Portuguese students performing the script written by Turkey!

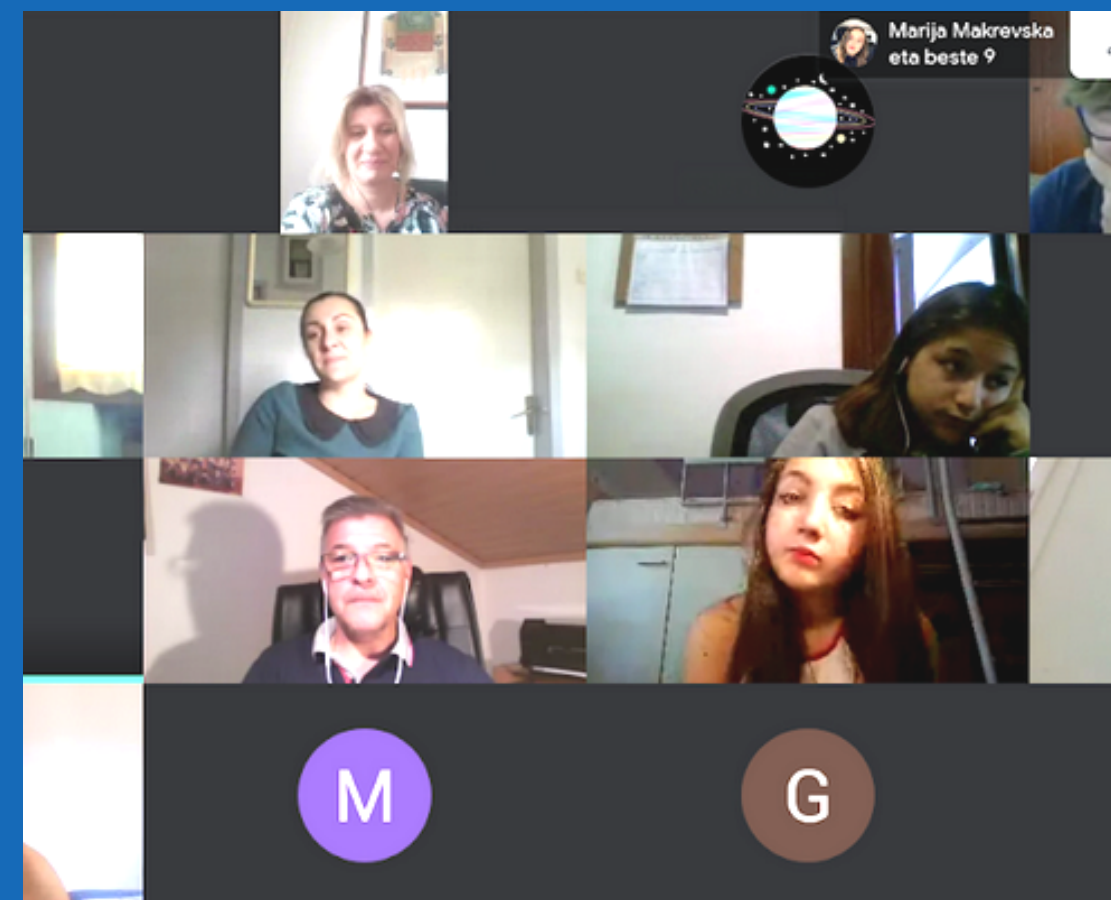

03

We proposed some titles and all countries voted. And we finally merged all parts into OUR FINAL DRAMA PLAY!!!!.

04

We finally had the chance to share our experience in an International Online Meeting.

THANKS ETWINNING FOR THIS GREAT EXPERIENCE!!!

Co-funded by the Erasmus+ Programme of the European Union
