- o Belgium

- o Looking at all the numbers that are increasing at the moment in all the countries, we took the decision that we are not able to plan our next meeting in March in Romania.
- o We will have a meeting on March 16th, 3:30pm Brussels time to see what will happen.
- o Ilse is going to contact the NA to see what the options are for the rest of the project. Meeting is planned Monday 17th, 1:00pm Brussels time. As soon as there is some news, the partners will be informed.

What in the meantime?

- To do something in the time that we are not able to have a meeting in Romania, we will organise some activities about Emotions.
- Why emotions? It is a common team that is important for all the students. All the students can work on their own level.
- The Portuguese team presented the way they work about the team in the webinar last year. When we visited them in October '21 we had an introduction about their teaching method about emotions.
- During Covid, we all felt a lot of different emotions. Are these in common?-
- Planning
 - o Part 1:
 - What are the 5 basic emotions? (Portuguese team will make a poster about the activity. They will make a poster for each emotions so we can all use the same visuals in the partner school.
