School of Palekastro

**MERCURY**

VENUS

A satellite view of Earth showing the Americas and the Atlantic Ocean. The text "THE EARTH" is overlaid in the center in a bold, black, sans-serif font. The image shows the curvature of the planet, with the Americas on the left and the Atlantic Ocean on the right. The landmasses are brown and green, and the oceans are blue. There are white clouds scattered across the surface.

# THE EARTH

**MARS**

A full-disk image of the planet Jupiter, showing its characteristic banded structure and the Great Red Spot. The planet is centered in the frame against a black background. The bands are primarily orange, tan, and white, with some darker spots and features. The Great Red Spot is visible as a large, reddish-orange oval in the lower-left quadrant. The word "JUPITER" is overlaid in the center in a bold, black, sans-serif font.

**JUPITER**

**SATURN**

URANUS

A large, blue, and green planet, likely Neptune, is shown against a dark background. The planet's surface is textured with various shades of blue and green, suggesting a gaseous atmosphere. The word "NEPTUNE" is written across the center of the planet in a bold, black, sans-serif font.
