OUR NEW SCHOOLYARD

Hi Everybody. We Nikola and Victoria are going to talk about our new schoolyard. There has been a lot of change during summer holidays. two separate schools , next to each other, have now ONE large playground. We also got a very big device for older children. But there have also been many things for the little children. We like it and kids are great too! .

But there are also many rules like:

- **Do not jump on the concrete benches that are in order to sit on it.**
- **Or leave the little children alone.**
- **Put the bikes in the stall.**
- **And do not play the toddlers like bikes etc.**

At octobre 10th the playground is official opend by our mayor

It's really great!
