WINTERCROSS

We are Andjela & Rebecca and we are going to talk about the wintercross. On 15th of octobre. The wintercross is a running event, that almost every primary school in Capelle aan den IJssel joins. The meaning of the wintercross is that you have fun, and that

you move and that you can improve your fitness.

The event is being held in het Schollebos in Capelle. The wintercross is being organized by our P.E. teachers, and the first

wintercross was organized in the year 1995.

Because now we are in the year 2017 it is the 22nd Capelse wintercross being organized. And the most beautifullest thing is that its not about winning!
