

Halloween in Netherlands

Halloween is not celebrated at our school because this is a Christian school and it is too scary for small children with phobia. Usually when I, Ruensly celebrate Halloween I go to the theater near the shopping center, then we start to scare each other and make fun with each other

Opinion from me: Halloween is a fun party and should stay forever but also less scary for little ones.

View from Ruensly: Halloween is a fun party and should stay forever but also less scary for little ones.

Pharrell's view: Halloween is fun for children who love scary movies.

Runesly & Pharrell
