

SOCCER TOURNAMENT

We are : Noré and Andjela and we are going to talk about school soccer. School soccer is a soccer tournament where you have to play football against schools in our city. Mostly are boys and girls teams separated. But there were not

enough girls and there were just not enough boys, so we were allowed to play with the boys. The preliminary went very well, we won everything very easily. When we played the finals it was going less good. We played against the winners of the others poules. And they were very good.

We have lost 2 matches and won 1 match.

The first match we lost 1-2, the second match we won 2 -1 and the third match we scored within 1 minute and we lost 1-2.

We did not win the tournament, but we had fun.
