

## CAMP

A piece of our  
campjournal:

The children in group 8 leave from the Sjalom by bus to Het Baken where they are waved goodbye on Mo. 11 March. They go to the Zandkreek camp house in Hattem. They stay there for 4 days in the camp house. The supervisors who came along were: The principal of Het Baken, our own teacher Susan, P.E. teacher Nathalie, the stagiaire teacher Daphne, the teaching assistant, master Hans, master Patrick as the cook, master Koos and teacher Eefje the help parent. And at the same time they also help with the activities. The activities that have been

announced are: the Glitter And Glamor evening, the ghost tour, and the bakery at the market. The Glitter And Glamor evening is about, among other things, that the children must dress up as if they are at a gala.

Arriving at the camp house we were allowed to go to our rooms to prepare our beds and things. After we had done that, we had lunch in the groups that the teacher had made. And then we started playing the game of goose in the same groups. Then we were allowed to walk around the camp house and explore the camp. In the evening we ate nasi and it was very tasty.

Actually, I have more to say but I will now talk about Tuesday

On Tuesday we woke up at 7:45 AM and had to use dew stairs. Then we went for breakfast and had free time for ourselves. Then we did games around the camp house. because it was sport and game day. and we went to the claycule to play games there. After we came back we went for dinner and then we had the glitter and glamor evening which was great fun. And then did the dual game . There is so much more to tell.....
