Basketball tournament

Hi everybody, here we are Nikola and Victoria again. This time we are talking about our basketball tournament.

We had our first game on 14.02.18.

We went through to the finals with our girls team.

All teams have played well but unfortunately there are only 2 teams to the final. Our team is one of them.

Of course we also have to train extra!

So we have trained every Tuesday from half 3 to 3 am

We learned s where we should stand during defence and the attack at the tournament, and where we should go.

The finals

It was an exciting game, there were 3 games that we had to play.

that was against:

Contrabas and two teams of the C.S.V. school

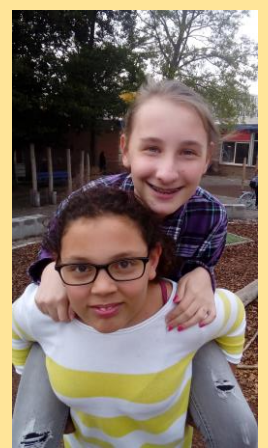

The first game we won: 4-2.

In the second game, it had was 2-0

In the third game we were very nervous we lost :6-4

Eventually we received a prize for the 2nd place!

A medal and a nice cup.
