MUSICAL

We are Rebecca and Victoria and we are talking about the musical of group 8.

The musical is held by group 8 every year and it has a different theme every year.

This year, the talent agency (ready for the show) where mr. Verhinder has made a work of art

but there are 5 people who take away a toilet roll.

And money is in one of those toilet rolls. Then it is up to agent 112 to find out who has taken the toilet roll with money.

We are going to keep the musical 3 times. Once for the elderly in an old people's home, once for parents at school and once for all

children at school. We practice the musical in our kindergartengym.

There are many nice songs and fun roles that also suit the people of our class.

We all have to bring our own costume and use it for the musical.

The musical is called: “ **who has the role**” and we all are really anxious to play the musical.
