

BLABLA
SEPTEMBER 2017
GREECE

In September 2017 schools started on 11th Monday. It was great to see each other again after a long summer holiday. The first days all the students were discussing about their summer time, but soon they got used to the daily routine of school life.

The last days of September our school did a lot of activities concerning the National Sports Day. We also went to the coast which is near our school and we had a lot of fun playing with the sand and enjoying the warm days of September.

Here are some photos of our joyful activities!

The purpose of this activity is to keep the ball as long as possible on air!

Our P.E. teachers give the instructions of the ball games.

After the activities in the gym we went for a walk in the marina of Kalamaria. Here are our 2nd graders.

The weather was cloudy and that was perfect for playing outside and enjoying the playground and games with the sand; some students made wonderful sandcastles and fortresses and dug underground ditches.
