

ATTACK IN UTRECHT

Hi we are Chris and Saïd. We are going to talk about the attacks of the past 2 weeks. At first we were shocked by the attack in New Zealand. The attack in New Zealand was committed by an extreme anti-Muslim. And he killed 50 people with an automatic weapon for a mosque. We have seen that video ourselves and it was very intense. He shot 5 times at someone who was already injured or dead. That man put it live on Facebook himself.

And a week later we were shocked by the attack in Utrecht by a crazy criminal. The police say he had problems with his wife. He killed innocent people. Up to 4 deaths. He shot around with a gun and hit innocent people. For us it was a shock that an attack had been committed and that it was so close to our home.
