BALOM

Hi. In group 7 we were told that we would join with another school in group 8. The school name is Sjalom.

Our class did not think that was a good idea, we thought noooooo. Maybe they are mean and.. Our parents also thought it was not a good idea. Most parents said "there are still a lot of quarrels in the group and they are not solved".

When the other group 8 came to visit us, they were okay. Our hearts were relieved, They were just like us. Very ordinary, normal like us.

After the summer holiday we went on a lot of trips. Such as pancakeboat, roller skates and much more.

And now if you walk into our classroom, you can see this is a normal class and not a mixed class and we think it's a super fun class and we call it Balom (Baken/Sjalom)
