

Camp

11 March we are going to camp, we stay at Hattem, which is a place in the East of the Netherlands close to Zwolle.

We write this before we go there, our expectations are quite

high, first time camp, Its gonna be fun! Although we gonna miss our phones a lot. Sem: it helps to sleep with music.

We hope that the games in the woods are fun and secretly play games in the night, sadly

enough we are not going to do a dropping, well, better luck

next time, We do not really trust the girls, we feel that

they are going to do something bad with the boys at camp,

we're going to get into a fight anyway. We are also curious about the food.

The journey is probably going to take one hour and a half. We do not know to be honest,

We still feel like it! We hope we are gonna eat soup and noodles
