

MATHS PLAN

COUNTRY: Italy

SCHOOL : Istituto Comprensivo "N. D'Apolito" di Cagnano Varano

ACTIVITY NAME: Maths and English

"The geometrical shapes"

MATERIALS: colored shapes of regular polygons, recorder, LIM

ACTIVITY NUMBER: 1

MAKING ACTIVITY: Having studied the regular polygons, the children are divided into groups. Each group represented a polygon.

A girl poses questions in English related to the polygon represented to the members of the various groups, which respond, in English, in a relevant manner.
