

MATHS PLAN

COUNTRY: Italy

SCHOOL: Istituto Comprensivo "N. D'Apolito"

ACTIVITY NAME: Maths and Craft

"The swan with origami"

MATERIALS: thin paper of various colors, scissors, glue, ruler

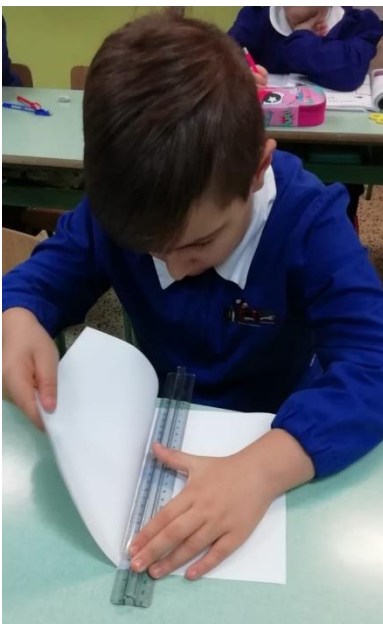

ACTIVITY NUMBER: N. 2

MAKING ACTIVITY:

Start folding an A4 sheet of paper in half diagonally.

Then fold it in half again

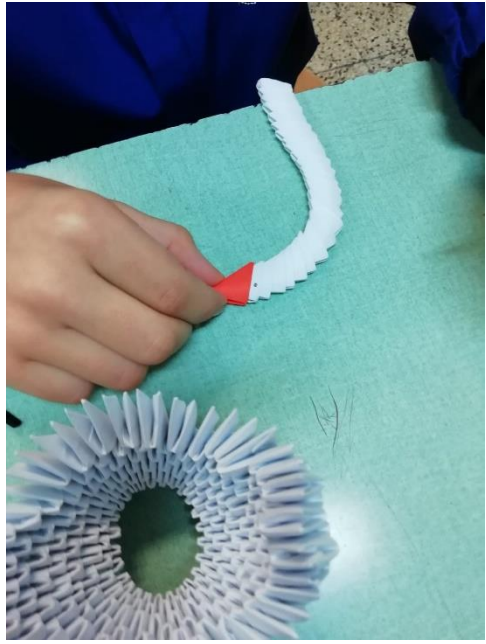

Repeat 5 times until you get 32 little rectangles.

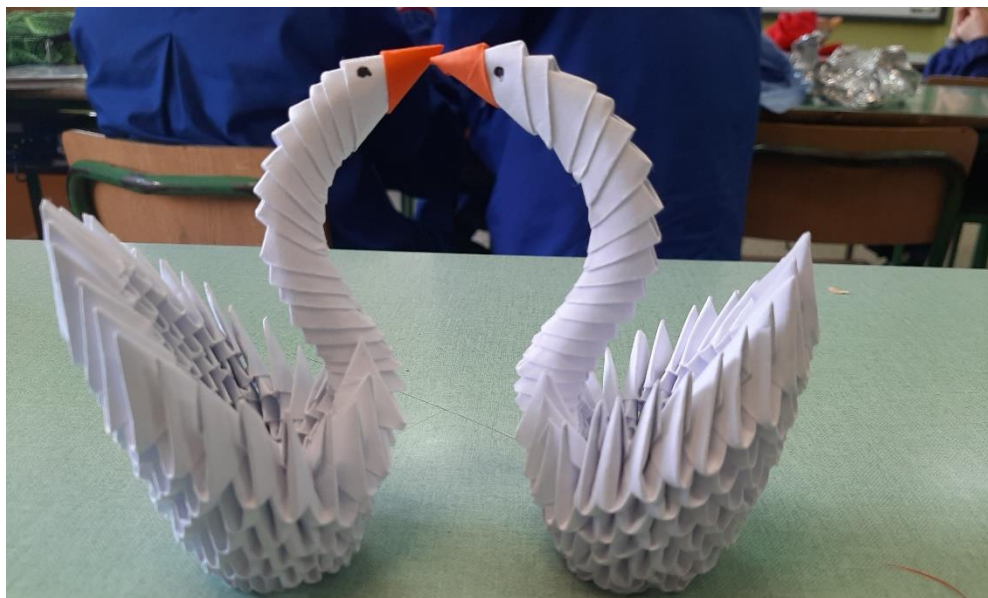

Fold one rectangle in half toward the bottom
Then fold it in half again to find the centre ...and unfold.
Fold the right side downward e repeat it with the left side.
Turn the model upside down.
Take the bottom corners and fold them toward the centre.
Fold the flops upward.
Then fold in half so as to get two slots.
Make other origami models and slot them in one another using their
extremities
Pile 32 origami models.
You will need 6 piles to make a swan.
Make a circle bottom with 15 origami models
Slotting them in one another.
Add other 5 rounds of origami, slotting them in..
Then slot 3 models wherever you prefer obtaining a stepped form while
finishing it.
Make the neck with 15 origami models and put it on the bottom.
With half of an orange rectangle.
Make the beak and add it to the neck.
Paint the eyes.
Starting from the bottom, go down 4 steps from both side.
Finish it dropping the steps until you add only one origami so that you get
the tail.

And here you go.... Our swan!
