

Travel Report - Malta

We arrived at Malta International Airport in 5th May and then we depart to Rivotorto Retreat House, the place where we stayed for a week.

On the first day we went to the school that is in the project and we made an “Ice-Breaking” to meet the students from other countries (Germany, Italy and Malta) and we learn about the Maltese educational system.

We made a CV and a Letter of Application to demonstrate our personal skills and to prepare for when we apply.

We visited a lot of places like Mdina, Birgu, Valleta, Gozo and Sliema, a lot of temples and sanctuaries like Hagar-Qim, Mnajdra and Ta’ Pinu and we had a lot of experiences like The Valletta 5D Experience, The Cittadella Visitors Centre in Gozo, we visited Playmobil and the Xwejni salt pans.

About academic visits we visited the Malta College of Arts, Technology and Science, The University of Malta, The Magro Brothers Group of Companies and The Tek Moulds Factory.

It was an amazing experience which I learned and enjoyed a lot.

The things that I liked the most were visited Gozo, making new friends, the 5D Experience and the Malta College of Arts, Technology and Science.
