E-Portfolio

We learn it - We share it

THE LEARNING STORY OF OUR PROJECT

WE LEARN IT - WE SHARE IT

An E-portfolio for us can be a <u>collaborative tool</u> that will

- Document and consolidate our work
- Display our students' achievements

THE LEARNING STORY OF OUR PROJECT

It will <u>showcase</u> what we do to a real audience: All <u>Stakeholders</u>.

- Learner <u>achievement</u>
- Comments and reflexions on what we do - Learning accomplishments and experiences
- Organised in topic areas (Tags) and by country
- With both text and media (photos, videos, presentations)

IT IS VISUAL

An E-portfolio is a VISUAL OVERVIEW of our PROGRESS

It also is a mobile tool, accessible everywhere

QUALITY ASSURANCE

- **PROJECT'S <u>QUALITY ASSURANCE TOOL</u>:**

    <u>Quantitative</u>: Agreed number of entries for each Tag, for all partner schools

    <u>Qualitative</u>: Showcase our work to all stakeholders - <u>EVIDENCE</u> of LEARNING and CREATIVITY over the 2 year period

ACCOUNTABILITY

The E-portfolio can be used to satisfactory show to ERASMUS Plus and the National Agencies that we have:
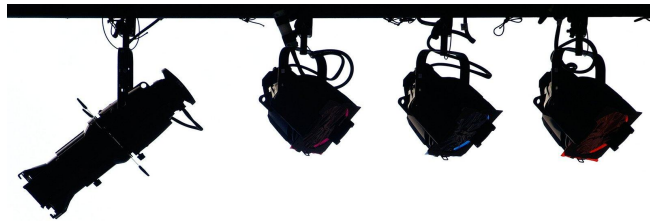

- met the EXPECTATIONS laid out in the APPLICATION FORM and that

- we have carried out our RESPONSIBILITIES adequately (interim and final report)

EQUAL VISIBILITY

To achieve Equal Visibility, we should:

- **Agree on what are the best TAGS**
- **Agree the number of entries for each Tag**
- **Commitment of all partners to these agreements**
