Hello!

My name is Andronescu Codrut and I am a graphic designer.

About the business

I have **created** several types of **logos** for local or national brands, **posters** (usually for events) and I have also **colaborated** with popular people from the internet. Many can be found on **YouTube** Gaming, Music production or Drawing.

“

What kind of activity do I perform?

- I sell services

What is the legal form of the business?

- Independent activity

The members of this project

Andronescu Codrut (CEO & Owner) - The only member of this project at the moment. As far as the future is concerned, I am seriously thinking about opening my personal office and hiring about 4-5 experimented editors, each one with different skills, to make the business grow.

The equipment to start the business

- A Graphic Tablet
- A Mouse
- Keyboard
- Personal Computer.

All of them can be bought from an electronics shop in my town called "Altex".

“

Do I have a team of people?

- At the moment I am editing alone, but sometimes I ask my experimented friends about my ideas for a second opinion.

What about competitors on the market?

- I can name some of them, such as “lonut Cuc”, “Infinity Arts”, “Marco Birlan” They are very good editors and their art is unique. We are friends, we respect and appreciate each other and even more, we learn from each other.
