

Impressions on CIOR and Portugal

Exquisite welcoming from the staff and students. Cior is a dynamic school with a lot of interesting projects and activities which motivate their students. It is a pleasure to have spent 4 days in your school working, sharing, communicating for our Erasmus+ KA2 "Track It, Don't lose it".

Thank you very much.
We are looking forward to welcoming you in France.
Merci beaucoup.
Nous sommes impatients de vous accueillir en France.

Murièle DEJAUNE

My first impression about school is that even though it is hidden behind some buildings once you are inside you feel that it is a place which runs efficiently and in good order. In the school you feel a little bit cramped but the work done in the school is of high standard. I was quite impressed with the equipment in some of the classrooms and also about the work and the projects that the students undertook.

The hospitality we got was outstanding in the school and also outside the school in restaurants and other places we visited.

This is my second visit to Portugal, the first one was about 15 years ago. I had a very good impression then about the country and this time my impression was even better, the colleagues were all very friendly. The Director of the school was very nice and friendly with us and generally all the people we met were nice.

The place where we stayed, Póvoa de Varzim, reflects the tradition of a fishing village in Portugal which is kept unchanged.

Thanks for your hospitality.
Ευχαριστώ για τη φιλοξενία σας

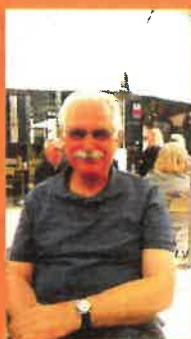

(Spiros) Stivaros Spyridon

Le Portugal est connu pour être un pays accueillant et généreux; je confirme par l'accueil chaleureux que nous a réservé l'équipe pédagogique de l'école CIOR. Les élèves sont investis dans leurs projets et leurs explications en anglais sont à saluer.

Isabelle LARVOR

We visited the CIOR school under ERASMUS+ Project and we were very impressed with the level of professionalism from both the staff and the students' interest in learning. The buildings although old are utilised to their maximum. Both students and staff are committed in what they do and above all they are helpful and hospitable. The food and hospitality of the Famalicão area are excellent.

Costas SCHINIS

Τόσο οι σπουδαστές όσο και το προσωπικό είναι αφοσιωμένοι σε αυτό που είναι και είναι όλοι χρήσιμοι και φιλόξενοι. Το φαγητό και η φιλοξενία της περιοχής Famalicão είναι εξαιρετική.

CIOR –

Un accueil très sympathique et chaleureux; Des méthodes d'apprentissage par projet très intéressantes;

Des élèves investis et un niveau d'anglais impressionnant.

Portugal –

Première fois au Portugal, pas de chance avec la météo, mais une jolie ville au bord de la mer;

Des spécialités gastronomiques très appréciées (poissons et desserts)

Hâte de visiter d'autres villes.

Gilles FLEJOU

Great people, exciting projects, great food!

Cior has a dynamic and a friendly team, highly involved in different exciting projects and pupils too. The good English level of the pupils is stunning.

The friendly people and the great food made us forget the bad weather we had!

Lycée Louis Blériot, Trappes, France
C' Technical School of Limassol, Cyprus

First of all I would like to thank you for your excellent hospitality that you have offered us for the past four days. Even though I met you a few months ago in Cyprus, I feared we might have an unpleasant time. Thankfully my fears disappeared as soon as I stepped my foot in your country. Picking us from the airport and giving us a short tour and guidance to the hotel, I realized that the time here in your country would be amazing. Despite your tight schedule, you were considerate and helped us to make the best of our short stay here. Visiting your school and showing us around helped us to understand the way you operate and to make us better teachers. Students' projects demonstrations were amazing. The school structure and facilities were also excellent.

Taking us for a trip to visit other areas, winery, museums, churches, and going out for lunch and dinner helped us to understand more of your cul-

ture. And all of the above regardless your busy everyday schedule and, on top of this, we took you away from your families.

Thank you again for making our visit so enjoyable as well as profitable. Hope to meet again soon and share more experiences.

Σας ευχαριστούμε και πάλι για το γεγονός ότι η επίσκεψή μας είναι ευχάριστη και κερδοφόρα. Ελπίζω να συναντηθούμε σύντομα και να μοιραστούμε περισσότερες εμπειρίες.
