‘hospitality and friendship of our hosts, experience the daily school life’

‘It was all perfectly organised. The hospitality was supreme. I liked the most the warmth of Polish people, the way of helping for everything and every time’

‘gathering with different cultures and people in general. Also the warmth I have felt from the Polish teachers and students’

### **What could be improved?**

'Nothing – 17 answers',

'Food', 'food in restaurants – it was the same, but food at school was perfect'

'English'

'heat at school'

'service in public restaurants – long waiting for food'

'less plastic waste'

'all was perfect, maybe the hotel could be better'

'I would have liked a bit more organisation on the Warsaw trip, not that much free time'.

### **To disseminate the effects of the mobility, after the visit I will:**

'they will know everything when they see the smile on my face'

'I will present all the activities in front of my students'x2

'Show the pictures to my friends, I will tell them about all the things that aren't specific for our school, country, etc.'

'Talk or write to my friends about it' x14

'Do the sports activities and the dancing'

'At the beginning I didn't trust in this project but I took part 'forced' and I'm very happy to have made this project and I'll recommend it to all because it's a life experience for a teacher and students too. I've learned so much. I think I'll be part of the Staff next year in our school'.

'Yes, I would recommend it'x2

'Do sports with math at the same time and trip around the city'

'I think it's important to share all of this project and all the students will talk about it'

'Talk and write to school, friends, family, help organise similar meetings and mobilities'

'We'll have fun stories to tell to our friends and also I'll keep in touch with some of the students I've met'
